

Intruder Alarm Condition 0002

Damage caused by theft or attempted theft as insured by event No. 2 of section B is not insured unless:

a) the Intruder Alarm is installed in accordance with the specification or system record approved by *us* and is put into full and effective operation at night and whenever the salesshop *premises* are closed for business or left unattended

Note:

We will not regard the Intruder Alarm as effective if the specification or system record provides for a telephone line, direct line or central monitoring station warning system and *you* have had notice of the withdrawal of the police, telephone or central monitoring station service and such service has actually been withdrawn

b) the Intruder Alarm is maintained under contract by a company which is either included in the official list of recognised firms of the National Approval Council for Security Systems (NACOSS) or approved by *us*

c) all keys of the Intruder Alarm are removed from the salesshop *premises* at night and whenever they are closed for business or left unattended.

Note:

Where *you* or one of *your employees* occupy part of the *premises* for residential purposes the keys must be removed from the business part of the *premises*.
